

*The issue of individual human freedom, is not the issue of "democracy."
The essence of freedom, is the right to define oneself as a world-historical
individual—to be a resident of the simultaneity of eternity—rather than
some self-debased libertarian fool.*

The Fight for
A New Golden
Renaissance!

Join the Schiller Institute!

The Schiller Institute has been fighting since 1984 to bring about a new Golden Renaissance out of the depths of the current Dark Age. Giants like Cardinal Nicolaus of Cusa, Leonardo da Vinci, and France's King Louis XI strove against evil to give the world the new birth of freedom and creativity that we know as the Golden Renaissance of Fifteenth-Century Europe. Today, too, it will take the work

of key individuals, like you, to create a new Renaissance. JOIN THE SCHILLER INSTITUTE TODAY AND BE PART OF THIS GREAT EFFORT. Your membership will help finance the Institute's work in bringing Classical culture to America and combatting the evil of the Conservative Revolution. Help make a new Golden Renaissance a reality today!
