Classical music from Handel to Verdi
performed at the Verdi tuning of A=432Hz*

"There's another reason why you should love your enemies, and that is because hate distorts the personality of the hater. You just begin hating somebody, and you will begin to do irrational things. You can't see straight when you hate. You can't walk straight when you hate. You can't stand upright. Your vision is distorted.... For the person who hates, the beautiful becomes ugly and the ugly becomes beautiful. For the person who hates, the good becomes bad and the bad becomes good. For the person who hates, the true becomes false and the false becomes true. That's what hate does. You can't see right. The symbol of objectivity is lost. Hate destroys the very structure of the personality of the hater. And this is why....you want to be integrated with yourself, and the way to be integrated with yourself is be sure that you meet every situation of life with an abounding love."

-Martin Luther King, Jr sermon "Loving your enemies"
